

Growing through play

As a parent, you witness first-hand just how quickly your child develops. Young children explore the world around them every day. They are always learning new things. They do so while playing at home, when visiting an animal farm, or when you read to them.

By exploring the world around them, children get the chance to grow. A nursery can help with that development. In fact, there's no better way to prepare them for primary school.

Children who are on track with their development up to the age of 4 get off to a better start once they reach primary school.

Nursery with toddler facilities

A nursery helps your child develop. The early-years practitioners are properly trained and know how best to support your child. Simply by playing, your toddler will learn new things every day.

The nursery workers encourage your child's development through games, movement and activities, such as eating fruit, singing songs and reading aloud. If they spot something unusual, they will discuss this with you straightaway.

Where can your toddler go?

The Municipality of Hardenberg has a range of nurseries that offer facilities for toddlers. You can see a list of these nurseries on the website of the municipality:
www.hardenberg.nl/peuteropvang.

Want to find out more about the cost or opening times, for example? Simply contact the nursery.

Sign up

Make sure you sign your child up in good time, preferably before they reach the age of 2. That way, they can start at nursery once they're 2 years old. You can sign up directly with the nursery of your choice.

Financial support from the Municipality of Hardenberg

Your toddler too can attend nursery from the age of 2. Financial support is available if you are not entitled to a childcare allowance and are not currently working. Your nursery will be able to tell you more.

If you're a working parent, you can apply to the Tax Administration for a childcare allowance to cover the cost of nursery. You can find more information about this on the website of the Tax Administration. Your nursery will be able to tell you more too.

**Growing, playing and exploring
through play!**

Questions

Got any questions about childcare for your toddler? Simply contact the nursery of your choice. You can find their contact details on the website of the Municipality of Hardenberg: www.hardenberg.nl/peuteropvang
